

# AGREEMENT WINTERSTORAGE

Sunds Marin AB

Sundsandvik 389

## CONDITIONS WINTERSTORAGE:

- **Current price list and what is added can be found on the website (see price list Vinterplats) It is the responsibility of the customer to keep informed about the cost regarding the contract period.**
  - It is the responsibility of the customer to keep the boat insured.
  - The agreement is limited in time and applies to winterstorage within the period 15 August 2022 to 20 June 2023.
  - After the boat has been set up in the hall, it can be moved out at the earliest in week 13 unless otherwise agreed in a written quotation.
  - Launch can be booked from week 14.
  - Existing customers have priority to keep their place until next year provided that previous invoices are fully paid and that booking via booking link on the website takes place no later than July 31. After this deadline, we check the number of vacancies and bring in new customers subject to availability.
  - In case of cancellation of the booked place, a fee corresponding to 10% of the amount on the current order will be charged.
  - At the outdoor site, the boat owner is responsible for the coverage of the boat. After launching, the covering material shall not remain in the installation area.
  - If the customer requests that the boat be outside the week before launch, it is the responsibility of the customer to be responsible for the boat's possible need for antifreeze.
  - After launching, the boat must be moved from the bridge no later than Sunday  
in the week that the boat is launched.
  - When taking up, the boat must be placed at our pier during the weekend of the week before the pick-up week booked.
- Keys to the boat are left in key slot, keys must be marked with the customer's name and boat model.

TO ENSURE THAT FIRE AND ENVIRONMENTAL REQUIREMENTS ARE COMPLIED WITH, YOU AS A WINTER CUSTOMER APPLY:

- Own work is not allowed in the hall.
- When grinding/painting outdoors, cover soil with plastic.

Residues must be disposed of by the customer as hazardous waste.

- Own glycol driving is not allowed. All glycol driving is carried out by Sunds Marin with the intended environmental glycol.
- Gas cylinders must not be present in the boats during the contract period.
- There must be no food or similar in the boats that may cause pest infestations.
- In case of violation of the above rules, the customer will be charged for costs incurred as a result of the violation.

OTHER:

- In the event that a boat is not launched/moved after the end of the contract period, rent according to the summer agreement will be charged.
- Boats left behind:

In some cases, there have been instances where boat owners do not fulfill their payment obligations and then also abandon their boat.

In such a situation, we reserve the right to charge a fee corresponding to double the rent until the boat has been moved from the end of the contract period. In the event of such a situation, the matter is referred to the Enforcement Authority.
